

About HiberniaEvros

Hibernia Evros is an IT solutions and services company specialising in the design, supply, implementation and support of mission critical ICT infrastructure.

Offering the highest levels of service and technical expertise, backed by over 20 years of experience, Hibernia Evros keeps over 800 Irish organisations operating effectively.

By working closely with an extensive network of partners, our Professional Services group are able to design the best solution available to meet the needs of each particular customer.

Once implemented, our Managed Services group provide a range of technical support services to ensure your technology continues to support your business.

Working with Us

We have built our unrivalled reputation on offering the highest standards of service available in Ireland today. We have achieved this by following three simple rules in everything we do:

Being Technically Excellent

We strive to offer the best technologies implemented and supported by the best technical practitioners working in Ireland today.

Putting the Customer First

We take time to understand your business, so we can deliver a solution designed to suit you – not us!

Being easy to deal with

We won't waste your time with unnecessary red tape. Instead we offer a friendly, no nonsense service.

HP is a leading provider of information technology solutions and the world's largest manufacturer of computer servers, disk storage systems and printers.

Hibernia Evros is a leading HP solution partner specialising in business critical infrastructure. Our HP accreditations include enterprise servers, enterprise storage services and software. We are among a small number of Irish resellers who have qualified to become a 2009 HP Gold Partner.

One of Ireland's leaders for implementing complex Enterprise Storage Solutions.

As an HP Preferred Gold Partner, Hibernia Evros holds the highest level of accreditation for all levels of HP storage solutions. We have implemented solutions for many of the leading organisations in Ireland and operate at the forefront of the market. Whether the solution is a simple NAS or DAS, or a complex stretched SAN cluster, Hibernia Evros has the experience to do the job.

Data is the lifeblood of business and making that data available is often the key to success. Protecting that data is equally important and businesses run most efficiently by basing their IT infrastructure topology around their business requirements. Hibernia Evros is uniquely skilled and experienced in this area and has an enviable – and demonstrable - record of designing and implementing the right solution to meet the needs of our customers.

Engineering Excellence to Support your Business

Hibernia Evros has an Engineering Support track record going back almost 20 years. We are one of the leading IT maintenance organisations in Ireland, providing 32 county coverage through our engineering locations in Dublin, Waterford and Cork.

We are one of the most highly accredited HP service partners in Ireland, being an ASDP (Authorised Service Delivery Partner) and have a reputation for delivering a high quality service that consistently meets and exceeds service level agreements. This commitment to excellence has brought Hibernia Evros a client list that is the envy of the IT market.

Hibernia Evros offers full service contracts which cover the full client/server arena, printers, plotters and data internetworking products. We are regularly used as a third-party provider of services by leading vendors and UK-based IT organisations and also provide in-sourcing services, disaster recovery and remote management services and installation/logistics.

Our commitment to maintaining our reputation is reflected in the high levels of training and accreditations that our engineers achieve.

"Hibernia Evros are a key partner to HP. They have embraced the Preferred Partner Programme and recognise that such a programme enables them to offer increased business value to their customers. The Hibernia Evros and HP partnership has proven to be a significant differentiator in the market place and has been instrumental to the growth of both businesses"

Martin Cullen
Head of PSG and SPO HP Ireland.
